

Flagstaff's first ever high school Hackathon!

Hosted at **BASIS Flagstaff**
Saturday, October 5th, 2024
8AM – 6:30PM
FREE Admission

What is a Hackathon?

A hackathon is a collaborative event where teams "hack" solutions to real-world problems and compete for prizes. For high school students, it promotes teamwork, innovation, skill building, and a sense of accomplishment in completing meaningful projects. Ponderosa Hacks is a student organized event. We wanted to start a hackathon in Flagstaff since there were limited computer programming events and clubs in our local area. Hope you will help to support us!

Sponsorship funds will cover venue costs, food, merch, prizes, emergency expenses, and other essentials to ensure a successful hackathon.

No donation is too small! We also have several sponsorship packages available with different benefits, ranging from placement of your logo on all our materials to having a representative speak at our opening ceremony or giving out materials about your business or organization. By sponsoring Ponderosa Hacks, you will get your brand in front of 60-100 emerging developers and encourage coding + creativity into the future. Plus, marketing exposure to 4000+ Arizona high school students along with their families as we promote this event locally and on social media. This will also be advertised nationally on hackathons.hackclub.com and devpost.com.

Ponderosa Hacks is fiscally sponsored by Hack Club, a 501(c)(3) nonprofit. Our registered EIN is 81-2908499. Visit our website (<http://Ponderosa-Hacks.com>) and use the “[Donate/Sponsor](#)” link to donate. Or, contact us at ponderosa.hacks@gmail.com.

Benefits for monetary or in-kind donations	Bronze \$100+	Silver \$500+	Gold \$1000+	Partner \$3000+

Interested in Volunteering?

Are you a high-school student interested in helping to plan and organize this event? Please join our team!

Are you a recent graduate, college student, educator, or interested adult willing to volunteer/mentor hackathon attendees? Computer/tech background preferred but not required!

Please contact us to discuss.
